

Tuesday, February 11, 2014

Andria Leigh, MCIP, RPP
Director of Planning and Development Services
Township of Oro-Medonte
Oro, Ontario
L0L 2X0

Dear Ms. Leigh,

Subject: Memorandum of Understanding
Circulation Procedures for Applications under the *Planning Act*
Township of Oro-Medonte and the LSRCA

Please find attached the ratified Memorandum of Understanding (MOU) between the Township and this Conservation Authority regarding the circulation of applications under the *Planning Act*. This MOU is now in effect in the Township for that part that is within the Lake Simcoe watershed. For your information and use, we have also enclosed a copy of the LSRCA Fees Policy which came into effect on July 1, 2012.

We look forward to the successful implementation of this MOU and if you have any further questions, please contact Charles Burgess, MCIP, RPP, or the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'RBaldwin'.

Rob Baldwin
Director, Planning and Development Services

/cfb

Copy: LSRCA, Bev Booth and Tom Hogenbirk

Enclosure: MOU (January 2014) and Fees Policy (July 2012)

**LAKE SIMCOE REGION CONSERVATION AUTHORITY (LSRCA) and the
WATERSHED MUNICIPALITIES (TOWNSHIP OF ORO-MEDONTE)**

MEMORANDUM OF UNDERSTANDING

**PROCEDURES TO CIRCULATE APPLICATIONS UNDER THE *PLANNING ACT*
And
TO DEFINE THE ROLES OF THE LSRCA AND MUNICIPALITY IN
ONTARIO'S LAND USE PLANNING SYSTEM
(January 2014)**

Basis

The Regulations under the *Planning Act* require that municipalities must provide notice of a public meeting or public hearing to the local conservation authority for most planning applications. All notices for applications under the *Act* such as Official Plans and Zoning By-Laws including amendments, minor variances, plans of subdivision, and consents must be circulated to the Secretary-Treasurer of the LSRCA. While the Regulations under the *Act* require that the conservation authorities receive notice of most applications, there is no regulatory requirement for a municipality to circulate site plans applications under Section 41. This MOU, among other matters, establishes the circulation procedures for all applications to the LSRCA including site plans.

In addition, the land use planning system in this region is highly complex. This complexity is based on the need to implement and conform to various provincial plans including the Growth Plan for the Greater Golden Horseshoe and Lake Simcoe Protection Plan. Consistency with the Provincial Policy Statement under the *Planning Act* is also required. As a result, there is a need to clearly define the role of the LSRCA and the Township in this planning process as it relates to environmental protection and the implementation of these Plans. It is also necessary to define the LSRCA's role as it relates to providing the necessary technical assistance to the approval authority.

Purpose

In general, the purpose of this Memorandum of Understanding (MOU) between the LSRCA and Township is to streamline the circulation procedures for all applications under the *Planning Act* and to define our respective roles in the planning process. Specifically, this MOU will clarify the roles of the LSRCA and Township in the planning process as it relates to public health and safety and environmental protection by:

- ✓ Reinforcing the positive relationship between the LSRCA and Township;
- ✓ Creating efficiencies by reducing duplication of service;
- ✓ Clarifying roles and responsibilities based on legislation and practice;
- ✓ Establishing protocols and application processing responsibilities for both parties;
- ✓ Providing the Township with increased decision making autonomy.

Principles

This Memorandum of Understanding is based upon the following principles:

- Continued cooperation between the LSRCA and Township;
- Effective communication and collaboration;
- Cost effective proactive planning over cost intensive reactive planning;
- User-pay philosophy to help offset the costs of the planning evaluation process.

Jurisdiction

This Memorandum of Understanding applies to those lands within the Lake Simcoe watershed boundary within the Township of Oro-Medonte.

Roles

Township

1. The Township will provide the LSRCA with notice of a public meeting for the following applications:
 - ✓ Official Plans, Secondary Plans, and amendments
 - ✓ Zoning By-Laws and amendments
 - ✓ Draft plans of subdivision and condominium
2. The Township will circulate site plan applications under the *Planning Act* (including the LSRCA's base review fee) to the LSRCA in a manner as follows:
 - ✓ If the proposed development, site alteration, or associated infrastructure will be located in an area subject to Ontario Regulation 179/06;
 - ✓ If the application is associated with a plan of condominium;
 - ✓ If the application has a development size of 5 hectares or greater or a development that has a reasonable probability of causing downstream water quality or quantity issues.
3. The Township will circulate minor variance applications (including the LSRCA's review fee) to the LSRCA in a manner as follows:
 - ✓ If the subject property is abutting the shoreline of Lake Simcoe.
4. The Township will circulate consent applications (including the LSRCA's review fee) to the LSRCA in a manner as follows:
 - ✓ If the proposal involves the creation of a new lot partially or wholly within an area subject to Ontario Regulation 179/06.

5. For the applicable site plan, minor variance, and consent applications, the Township will collect and attach the LSRCA's base review fee (cheque payable to the LSRCA). The LSRCA will contact the developer or owner directly should additional fees be required to complete the review.
6. For all applications to be circulated to the LSRCA, the Township will provide any associated plans or reports such as environmental impact studies and storm water management reports. In general, two (2) hard copies of the reports shall be provided to the LSRCA. Also, the Township will provide any other required information to assist with the review upon request and where reasonable.
7. At the discretion of the municipality, the Township may circulate other site plan, minor variance, or consent applications where a technical review by the LSRCA is warranted or preferred to assist the municipality in its planning consideration of environmental matters.
8. In certain extenuating circumstances, the Township may require a peer review by an external consultant for studies typically reviewed by the LSRCA such as natural heritage evaluations. Prior to any peer review, the Township will consult with the LSRCA. The selection of a peer review consultant will be a cooperative process between the LSRCA and Township with the purpose of selecting a peer review consultant agreeable to both parties. The cost of such peer review will be paid by the applicant.

LSRCA

9. The LSRCA will provide the necessary information to the Township in order to help implement this MOU including the approved Fees Policy and any updated Ontario Regulation 179/06 mapping.
10. The LSRCA will provide written comment on the applications circulated by the Township in time for the scheduled public meeting or public hearing. Where possible, the LSRCA will provide written comments in time for the preparation of the planning staff report. In general, comments will be provided from a planning policy perspective and in accordance with Ontario Regulation 179/06 under the *Conservation Authorities Act*.
11. The LSRCA, as required under Subsection 3(6) of the *Planning Act*, will review and provide written comment on the circulated applications in the context of the following:
 - ✓ Provincial Policy Statement
 - ✓ Lake Simcoe Protection Plan
 - ✓ Growth Plan for the Greater Golden Horseshoe

12. For greater clarity, the LSRCA will review the circulated applications from the following perspectives:

- ✓ Natural hazard lands (e.g. flooding, erosion, steep slopes)
- ✓ Lake Simcoe shoreline (e.g. natural hazards and vegetative buffers)
- ✓ Natural heritage (e.g. significant woodlands, significant valley lands)
- ✓ Water quality and quantity (e.g. storm water management) including consideration of Township engineering design standards
- ✓ Source water protection (e.g. significant groundwater recharge areas)
- ✓ Sub-watershed Plan recommendations
- ✓ Alternative development standards (e.g. Rainscaping or LID)

13. To further assist the municipality, the LSRCA will provide advice to the Township on planning matters where other legislation and policy may be applicable including:

- ✓ Simcoe County Official Plan
- ✓ Township Official Plan
- ✓ *Environmental Assessment Act*
- ✓ *Clean Water Act*
- ✓ *Endangered Species Act*

14. Both the Township and LSRCA advocate the “planning-first” principle related to land use planning and permitting. As such, the LSRCA will ensure that any issues that would affect the developability of a site will be addressed through the application under the *Planning Act* first, prior to the processing of any permit. In these instances, the permit will implement the results and findings of the approved application process through the *Planning Act*.

15. Where necessary, the LSRCA and Township will work together on matters before the Ontario Municipal Board or Environmental Tribunal. Where appropriate, the LSRCA and Township will work closely together to ensure an efficient use of human and financial resources.

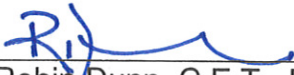

16. Where appropriate, the LSRCA will actively participate in pre-application consultation with developers and landowners. To help ensure a consistent review and a coordinated message, the LSRCA and Township (together with the County) will participate in pre-application consultation at the same time with the proponents. The Township and LSRCA will work together to scope the complete application requirements in order to avoid incomplete applications. It is recommended that shared meetings between the Township, County, and LSRCA be held for those applications where there are common interests.

Monitoring and Cancellation

This Memorandum of Understanding will be reviewed on an ongoing basis to evaluate its effectiveness. This MOU may be amended by mutual agreement from time to time in order to reflect any changing policies or programs at the provincial, watershed, or municipal level. At any time, the Township or the LSRCA (upon 30 days written notice) may terminate this Memorandum of Understanding via written notice. Rather than termination, collective amendment of the MOU is preferred.

MEMORANDUM OF UNDERSTANDING Signatory Parties

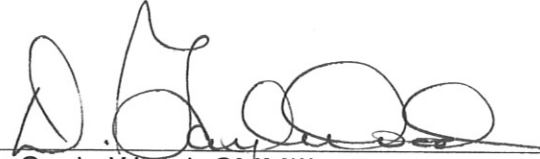

I hereby agree to implement the terms and provisions contained in this Memorandum of Understanding:

Robin Dunn, C.E.T., PAdm, M.A.
Chief Administrative Officer
Township of Oro-Medonte

22.01.2014.
